---

For more than a decade, we've combined Old World techniques with modern expectations, creating our custom furniture line, designed, handcrafted and finished to your specifications.

Inspired by 17th and 18th Century Spanish Colonial designs, our furniture is beautifully accentuated with Italian, Portuguese and Moorish influences.

We also custom design furniture of any style, creating your one-of-a-kind piece, perfectly suited to your needs. The ultimate in personalized design.

As part of our commitment to the environment, we also offer an eco-friendly version of our custom furniture line under our new label, Colibri – The Green Collection.
